

Newsletter for Nicoya Friends Christian Mission

January 2009 – March 2009

The mission of Nicoya Friends is to build an orphanage for Sexually abused children and victims of human trafficking in Nicaragua

I would like to begin by giving thanks to our Lord Jesus Christ for the blessings he has brought forth to Nicoya Friends Mission these past 3 months. And let the peace of God rule in our hearts... and be ye thankful. Colossians 3:15

We are thrilled to inform you that the all our girls are now enrolled in school. Thanks to our Lord who opened the doors that provide the opportunity to be able to attend school this year. Four of our residents at our center had never attended school. It was such a joy to me to see them in their uniforms and doing their homework during my last trip there in February.

We are also thankful for the approval of the generous one-year grant from Shell Corporation, which will provide funds to help with computer classes and computer equipment for the girls.

We would like to welcome Johanna Valera Martinez who has joined our Mission in Nicaragua. She is our new volunteer administrator.

Once again we held a garage sale in February and raised \$347. We give thanks to the staff at First Baptist Church in Spring Branch for helping us and giving us permission to have this fundraiser at their parking lot.

Our volunteers; David, Andres and Joseph Garcia

I would like to inform you that Francisca's results from the skin biopsy were negative and she is doing well.

One of our girls, Carla went through a health crisis and was transported to a clinic for treatment. Please join us in prayer for Carla for a quick recovery so that we can bring her back to the center. We are thankful to all the people who helped with Carla's care. Through Face book, Free For Life Ministries was able to raise funds to provide support for Carla's needs. In addition, our friends from Dallas and Missouri came forward and helped us pay her medical bills.

Also, we would like to ask you to keep our Dorita in your prayers. We are so thrilled that she was reunited with a family member. The government of Nicaragua is implementing a new program called 'Reuniting The Family Program'. You will learn more about this program in our next newsletter.

Collete Bercu, Founder of Free for Life Ministries has been so wonderful in her efforts to help our organization. Free for Life Ministries is a non-profit organization whose mission is to raise awareness and financial aid for safe houses around the world in the rescue and restoration of children from labor and sex slavery. We would like to give thanks to Collete and the many donors who contributed and help us to continue to provide our girls with everything they need, including food, clothing, education and a safe environment.

As we live by faith and trust, day by day, we continue to believe in our God that He may provide for all our needs for our mission. I want to send my sincere thanks to everyone who felt the “calling” to donate every month and have helped us to provide for the mental and physical needs of our girls.

To all of you, I want to thank you and God bless you!

Doramaria Garcia
President and Founder
